Growing Alternative Asset Management business (Rs. Crores)

Real Estate Financing : Robust asset quality is no.1 priority for us

Diligence before transaction

- Developer selection – >70% portfolio with grade ‘A’ developers
- Location and project selection - Mostly in Tier-1 cities in select projects having intrinsic end-user demand
- Ability to mine primary data from existing portfolio to make more informed decisions about product, price and sales mix

Post-transaction monitoring

- Local teams based out of 6 cities to constantly access the performance of the project
- Significant time spent for post-disbursement monitoring by both investment and asset management teams to detect and react to early warning signals
- Established a dedicated asset management team of financial and techno-commercial people across cities to further enhance focus on asset quality

Care during transaction

- Unique structuring of each transaction to address specific risks with ability to enforce security in event of default
- Strong financial, legal and business diligence.
- Independent legal and risk teams critically looking at transaction
- Independent Directors & External Experts in investment committees
- Large reputed partners like CPPIB re-assuring the investment thesis

Healthy Security, Balanced Portfolio

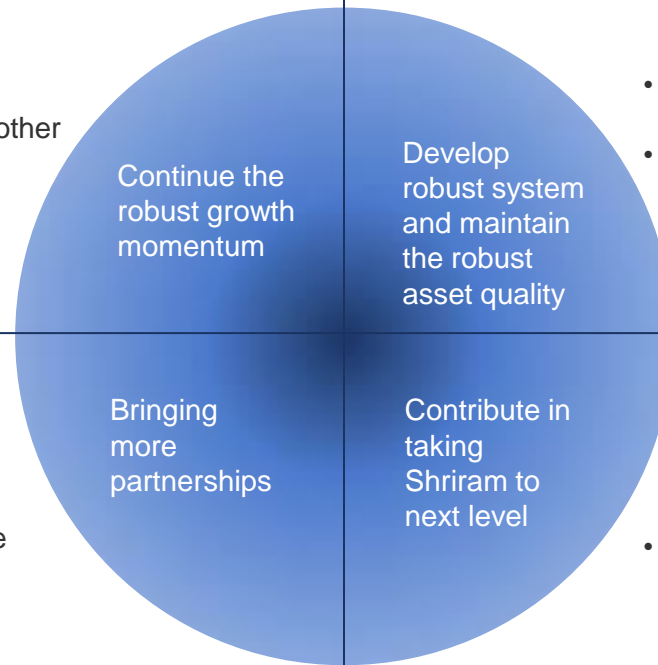

- Healthy security and cash cover of 1.5x-2x based on conservative underwriting assumptions
- Piramal group has a history of strong project development capabilities - can take over, complete, sell project, if required
- De-risking portfolio by changing mix towards construction finance & senior debt vis a vis equity / mezzanine structures

All accruals realized till last quarter. Superior asset quality with negligible NPAs

Financial Services Strategy : On track to create one of the largest well-diversified Financial Services businesses of India

- Loan book grew by 89% during last 6 months. AUM reached to Rs.8,936 Crores
- Potential of this business to grow in future through reaching optimum leverage level
- Real Estate financing entered into construction finance
- Special Situations decided to execute transactions in sectors other than infra
- Special Situations continuously evaluating other models of transactions to grow faster

- Growth to not happen at the cost of quality - Series of measures taken for ensuring robust asset quality
- Robust ALM framework in place
- Automatisation of systems and processes in progress along with proprietary book risk and rating system
- Developing and strengthening teams to handle the potential scale of this business
- Consistently monitor and react to early warning signals to ensure remedial measures

- Partners like CPPIB and APG reflects the robustness of our business model
- Multiple partners in Real Estate AUM business
- Partnerships to generate more fee income and improve ROEs
- Will explore down selling opportunities to improve future ROEs

- Mr. Piramal became chairman of Shriram Capital in Nov 2014
 - Focused on developing long term strategy for the group
 - Hired external consultant to assist in developing strategy

Inorganic opportunities could also become the key drivers of growth in future

Information Management

Key business differentiators

- Among gold standard service providers of healthcare analytics and insights
- US based business with over 75% of revenues being subscription based
- Serves nearly all top 50 pharma companies. A large number of these companies are clients for over 10 years
- DRG India office on target with 100+ positions on boarded

Operating performance
